## **"Ex Guru Blows Gasket And Reveals His Closely Guarded Blueprint To Fight Back Against An Industry That Has Lied, Cheated And Stolen From Your Very Pockets"**

**WARNING!** If your the type of person that is easily shocked, offended or rattled, I urge you to close this report now because chances are your about to explode...

...I'm about to expose my *cutting edge* system that \*ANYONE\* can use to "BEAT the guru's" at their own game.

It's time to even the score.... it's time to learn the "GURU SLAYER" method...

**From Andrew Fox & Juan Ramon Garralda**

*I'm sure you've seen it all before...*

Thousands of email's promoting the latest "rags to riches" software, business opportunity or money making scheme.

How many times have you *sur to the "marketing madness"*, invested your hard earned money and been left with nothing but a dry, bitter taste in your mouth as the "industry" bites a chunk out of you once again...

Unless YOU take action and makes changes, you are NEVER going to get out of this never ending cycle of what I like to call Guru Suffocation...

**...Times \*REALLY\* Have Changed And Many Of You Reading This Now Are Like Lambs To The Slaughter.."**

I've been running an online business since 1998.

When I started back then, we had an industry that was safe, free and a pleasure to work in..

*But then everything changed...*

**A surge of "Sharks" started invading the market place**, claiming they were "marketing super stars" yet where selling the biggest piles of crap ever seen.

STEALING from people, *raiding their bank accounts* and laughing all the way to the bank.

The more I think about it, the sicker it makes me feel..

Maybe you were one of these "victims"....?

## "It's Time To Take Action, Start Cleaning Up This Polluted Marketplace And Give YOU The Blueprint You Need Fight Back And Get Even

First let me tell you *the difference* between the sharks and REAL pioneers.

**Definition of a Shark:** Random person appearing from no where, showing shots of Adsense or other income and claiming you can be making thousands within days. They take your money and are never seen again. (In fact I'm sure many of these "sharks" re appear under different names for each shabby product they release)

**Definition of a REAL Pioneer.** Experts who grow solid business and relationships. People such as Yanik Silver, Jason Potash, Chris from DayJobKiller, John Reese, Armand Morin. These people stand by their products, build businesses and are the TRUE guys to learn from

## "What I'm About To Show You Is Not A Magic Bullet. BUT It Is The Step-by-Step Blueprint I've Personally Used To Sell INSANE Amount's of Affiliate Products, Build HUGE Emails Lists And Become an Instant Authority In Any Market I Choose"

First let me show you PROOF of these tactics in action..

**Blurred for Privacy**

**Step 1)** The author of Affiliate project X had leaked news about his new product coming out called Day Job Killer.

**Step 2)** Because I had 8 weeks advanced notice I was able to start preparing my promotions the 'Guru Slayer' way.

**Step 3)** I executed a sequential marketing sequence described in detail in the Guru Slayer.

**Step 4)** I devised a special bonus package very fitting towards the offer.

**Step 5)** When 'Day Job Killer' was released I was traveling which meant the broadcast mailings had to be pre programmed.

**Step 6)** I sold over \$60,000.00+ worth resulting in net commissions of \$39,014.56.

The great thing about this method is even if you don't have your own email list I can show you how to replicate my method.

If you do have an existing list you will learn how to boost your profits by 5 - 10 times.

Make no mistake this was no one off..

I've regularly pulled in HUGE commissions from affiliate programs. Just recently I sold a shade **under \$35,000.00 worth for the Rich Jerks X Ray Program.**

But the simple truth is this... Who cares if these methods work for me?

**I NEEDED to prove that any "Ordinary Joe" could replicate my methods.** Personally I get a lot of joy out of helping people and if that doesn't happen then I'm not doing my job right...

It was time to put what I've titled "The Guru Slayer" tactics to the test.

The real magic lay in what happened next...

**"When I Leaked My Guru Slayer Tactics To A Tiny Group Of Select Customers and Clients They Started Seeing INSTANT Results. Just Regular Ordinary 'Anti Guru' Folks Employing DEVASTATING Guru Slayer Tactics..**

*The results came in thick and fast.*

**One guy even said he had quit his full time job and was now working solely online.** People who you have probably never heard off before, commanding massive results in their business.

I documented a few of these case studies...

Guru Slayer Student #1 - "\$14,152 in the past year just putting in a few hours a week. .."

**David Gale**  
www.Web-Audio-Secrets.com

"Andrew,

After getting your great product I have **quadrupled the money generated in direct sales from a small niche site.**

I've made **\$14,152 in the past year just putting in a few hours a week.**

The advice you give is powerful when used and is easy to understand and put into action.

Thanks Andrew!

## Guru Slayer Student #2 - "I landed 3 major JV's with marketers in my niche within 5 days"

**Brian Owens,**  
**Littleguyco-op.com**

Andrew,

Your guidance has totally changed my perspective of the power there is in Affiliate Marketing.

From your advice I have been able to buy several products with resell rights and **turn them in to my own, money making, clickbank products that sell!** I have also landed 3 major JV's with marketers in my niche, and I've done all this within 5 days!

**- Brian Owens,**

## Guru Slayer Student #3 - "I am now full time and work for myself"

**- Mark Baker**  
**Winnerspicklosers.com**

"Your stuff really worked for me!

"I used your swap and double profit method to **increase my sales by over 400%.**

I approached a couple guys in the same niche and setup a few JV's and also promoted other products to my list which I built up via optin in the way you showed me.

The website site I run is winnerspicklosers.com and **sales of this went up greatly after I took your advice** on "getting into the JV partners mind". The JV partners promoted my site through their lists which were much bigger than mine and the results are awesome.

**My customers and opt in list are growing rapidly and you helped start me**

**off.**

I cant wait for your next product to launch to grab a few new gems of info. I am now full time and work for myself as a result."

**- Mark Baker**

These people above are just ordinary folks using my cutting edge "Guru Slayer" Blueprint to start earning what they rightfully deserve.

The best part is they only learnt a \*TINY\* fraction of what I've revealed in [my latest product called "The Guru Slayer"](#)

In fact here's a second case study illustrating the power of "Cashing in on Buzz Market Madness"

## **PROOF CASE STUDY #2**

**24 January 2007**

### **'Cashing In' BIG TIME On Buzz Market Madness.**

- 1) At the start of 2007 I **noticed a lot of people talking bout a certain buzz"topic"**
- 2) I visited several forums such as the warriorforum.com and **"spied" on what people were taking about within that topic.**
- 3) I searched for a quality **product with resale rights about "Making money with Web 2.0"**
- 4) I purchased a 2 hour audio interview carried out between Jonathan Mizel and another person. The quality and content was excellent and I secured resale rights for \$397.
- 5) I registered the domain [http://fr\\_\\_\\_\\_fficwithm\\_\\_\\_\\_.com](http://fr____fficwithm____.com) and modified the sales letter using the Guru Slayer Tactics. I changed the \_\_\_\_\_, the \_\_\_\_\_ and created a full \_\_\_\_\_ [Covert Tactics revealed inside the Guru Slayer](#)

Here's a screen shot of the website below...

6) I start leaking news about the product on a few forums, opened an affiliate program, announced it to my email list and everything exploded.
